Proposed Release of NIS

REF : Your Memorandum dated 31 July 1959 on Same Subject

1. There appears to be no reason why Chapter IX of NIS 26 should not be released to the Raytheon Manufacturing Company for use in connection with its ATIC contract. However, ATIC should be informed that the Chapter is out of date, with revision scheduled for 1961.

2. Section 92 should be included in the release.
